Enerlites®

SINGLE POLE 120 VAC, 60 HZ
SLIDE FAN SPEED CONTROL WITH LED DIMMER

MODEL NO: **17001-F3**

DESCRIPTION

The ENERLITES 17001-F3 is a wall switch designed to control dimmable lights and a 3-speed fan simultaneously. This wall switch features two user-friendly vertical sliders that can easily adjust the light or fan. The left slider allows users to choose between three quiet fan speeds or turn the fan OFF completely. The right slider allows for full range dimming with compatible lights.

FEATURES

- Dual sliders fan control and dimmer
- Provides 3 quiet fan speeds for comfort
- Easy-to-use sliders allow you to control the fan speed and light level to adjust settings to your desired levels
- For use with decorator-style opening
- Right slide adjusts the light to your favorite level
- Works with dimmable CFL, incandescent, and LED bulbs

SPECIFICATIONS
