Enerlites®

GENERATOR POWER INLET BOX
NEMA L14-30P

MODEL NO: **66493M**

DESCRIPTION

The ENERLITES 66493M is a 30A generator power inlet box designed for outdoor use. Unlike standard inlet configurations, the 66493M comes equipped with a NEMA L14-30P twist-lock plug built into a heavy-duty powder-coated steel enclosure. This durable construction provides excellent protection against heat, impact, and harsh weather conditions all year round. The NEMA L14-30P inlet is ideal for safely connecting portable generators to transfer switches or electrical panels during power outages, ensuring a reliable backup power source for homes, RVs, and worksites.

FEATURES

- Weatherproof NEMA 3R enclosure
- Heavy-duty construction for harsh environments
- Four Pre-punched 3/4" holes, no punch kit required
- Automatic spring-loaded cover
- Marked terminals for easy identification
- Box's face cover is removable for fast wiring
- Prewired grounding wire
