Enerlites®

SQUARE POP-UP FLOOR BOX

20A DECORATOR DUPLEX TAMPER & WEATHER RESISTANT RECEPTACLE

MODEL NO: **961241-C, 961241-S**

DESCRIPTION

The ENERLITES 961241-C & 961241-S is a 1-gang brass square pop-up floor box kit. The kit includes a metal floor box, a decorator receptacle and a cover. The device features a 20A tamper/weather-resistant receptacle, which includes internal shutters to prevent the insertion of foreign objects. The floor box pops up for easy access to power. Simply snap the cover closed when not in use.

FEATURES

- 20A 125V decorator tamper/weather- resistant receptacle.
- For use with carpet and wood floors. Also great for counter-top applications.
- Flooring types:
  - Tile, stone, wood, laminate, carpet, concrete and vinyl
- Terminal block is pre-wired for easy access.
- Wiring accepts #12-10 AWG stranded & solid copper wire.
