20A GFCI Tamper Weather-Resistant Outlet, Self Testing, Self Grounding with LED Indicator Light

MODEL NO: GFTWRG20

DESCRIPTION

Our 20A Self-Testing GFCI receptacle is crafted to provide safety and reliability in your home or business. With features like tamper resistance, weather resistance, and self-grounding, it offers peace of mind in any environment. The device automatically checks its performance through self-tests, ensuring it remains effective over time. It is ideal for areas such as kitchens, bathrooms, and outdoor spaces, and stands up to the demands of high-risk locations. Its durable construction and advanced safety features make it a trusted solution for a variety of applications.

FEATURES

- Tamper and Weather-Resistant: Equipped with child safety features, ideal for indoor and outdoor use, built to withstand moisture, humidity, and environmental elements.
- Reset and Test Button: Features an easy-to-use reset and test button for convenient operation and maintenance.
- Indicator Light: Integrated LED status indicator for easy monitoring of GFCI functionality.
- Enhanced Safety: Protects against electrical shocks and ground faults, ensuring safe use in wet areas like kitchens and bathrooms.
- Self-Test to meet latest UL standard: Automatic self-test every 15 minutes to make sure it can respond to a ground fault.

SPECIFICATIONS

Receptacle Rating	20A, 125 VAC @ 60Hz
Feed Through	20A-125V
Trip Range	Class A, 4~6 mA
Trip Time	≤ 25 ms
Wiring Type	Back Wire
Terminal Accom.	14-10 AWG
Environment Conditions	95% Humidity, UL 94 V2
Dimensions	2.76" x 1.55" x 4.56"
Box Quantity	10 pcs
Case / Pallet Quantity	50 pcs / 2000 pcs
Warranty	2 Years
